

**Dear Santa's Helper,**

**It has been a hard year for me because.....**

My father has stopped talking to me after my parents got Divorced, he said I was Dead to him. I've changed schools and am having a rough time at school with the kids and my classes.

As a family we have no transportation so getting to school or after school activities is virtually impossible.

My mother is struggling financially so she can't afford to pay for me to play sports anymore.

I am juggling a job and school to help myself and my family financially.

**Dear Santa's Helper,**

**It has been a hard year for me because.....** Me and my twin brother are living in a shelter with my mom who is very sick. She takes good care of us but things got messed up so we had to move and we moved with our auntie but she had bed bugs that kept biting me so we moved to a shelter.
